

Are we challenging our free enterprise system here? Don't we, as Americans, have the right to choose what we watch and listen to?

I spend a great deal of time in my vehicle for my job, and enjoy listening to commercial-free music and talk radio, as well as anytime traffic reports. I still listen to broadcast radio, but I want to be able to select what I listen to.

I urge you to reject the NAB's petition 04-160 and to support XM radio.

Thank you!
